

## Forward-Looking Statement Disclaimer/Risks and Uncertainties

The statements contained in this website and the various presentations included in this website that are not historical facts are “forward looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Any and all statements regarding the Company’s expected future financial position, results of operations, cash flows, business strategy, budgets, projected costs, capital expenditures, products, competitive positions, growth opportunities, plans, goals and objectives of management for future operations, as well as statements that include words such as “anticipate,” “if,” “believe,” “plan,” “estimate,” “expect,” “intend,” “may,” “could,” “should,” “will,” and other similar expressions are forward-looking statements. These forward-looking statements are made subject to certain risks and uncertainties, which could cause actual results to differ materially from those presented. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only to the date such data was posted to the website. The Company undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after the posting of this data to the website. Among the factors that could cause plans, actions and results to differ materially from current expectations are, without limitation: (1) delays in delivery and other supply chain disruptions, or increases in costs as a result of inflation or otherwise, including materials, critical components and transportation costs and shortages, the imposition of tariffs, or the renewal of tariff exclusions, on raw materials or sourced products, and labor, or changes in or unavailability of quality suppliers or transporters, including the impacts of the foregoing risks on the Company's liquidity, (2) delays in manufacturing and delivery schedules, (3) customer acceptance of pricing, (4) the ability of Hyster-Yale and its dealers, suppliers and end-users to access credit in the current economic environment, or obtain financing at reasonable rates, or at all, as a result of interest rate volatility and current economic and market conditions, including inflation, (5) reduction in demand for lift trucks, attachments and related aftermarket parts and service on a global basis, including any cyclical reduction in demand in the lift truck industry, (6) unfavorable effects of geopolitical and legislative developments on global operations, including without limitation the entry into new trade agreements and the imposition of tariffs and/or economic sanctions, including the Uyghur Forced Labor Prevention Act (the “UFLPA”) which could impact Hyster-Yale's imports from China, as well as armed conflicts, including the Russia/Ukraine conflict, the Israel and Gaza conflict and/or the conflict in the Red Sea, and their regional effects, (7) exchange rate fluctuations, interest rate volatility and monetary policies and other changes in the regulatory climate in the countries in which the Company operates and/or sells products, (8) the effectiveness of the cost reduction programs implemented globally, including the successful implementation of procurement and sourcing initiatives, (9) the successful commercialization of Nuvera's technology, (10) the political and economic uncertainties in the countries where the Company does business, as well as the effects of any withdrawals from such countries, (11) bankruptcy of or loss of major dealers, retail customers or suppliers, (12) customer acceptance of, changes in the costs of, or delays in the development of new products, (13) introduction of new products by, more favorable product pricing offered by or shorter lead times available through competitors, (14) product liability or other litigation, warranty claims or returns of products, (15) changes mandated by federal, state and other regulation, including tax, health, safety or environmental legislation, (16) the ability to attract, retain, and replace workforce and administrative employees, (17) disruptions resulting from natural disasters, public health crises, political crises or other catastrophic events, and (18) the ability to protect the Company’s information technology infrastructure against service interruptions, data corruption, cyber-based attacks or network breaches.
